sign when the people's representatives invite him to do so. Responsible government has evidently not got far along in the evolutionary process in Germany.

Broken in health, Mrs. Parkhurst is to go into exile. Poor old lady! How much has she advanced her cause by the campaign that has brought suffering upon herself and other women, destroyed in part that chivalrous deference for her sex which has been the boast of Englishmen for centuries, and branded women generally as wanting in the quality of self-restraint?

As instancing the grievances of Toronto people against the street railway company, the Star tells of a man on the way to business who waited one morning until eight cars had passed without finding one which offered him a reasonable standing room. Different in Edmonton. Here, if a man waited until eight cars passed it would be time to go back and get dinner.

The Post Office Department has sent out circulars warning railway mail clerks that they must leave wholly alone. Whether the warning is needed or not, there is nothing wrong with its meaning. Similar intimations to the effect were generally would put matters on a basis of clear understanding. There is in some quarters a need of laying down the law on the question.

It is right that a retiring couple should clear the slate of old business, and not throw an air of work and responsibility on the new leader of the party. Clearing away should not be done in disregard of the verdict from the polls upon such matters of current business as were prominently featured in the campaign. The verdict of Monday cannot be construed as warranting the present course to proceed further in the arrangement with the Pelican Coast Province and the far-fetched campaign of firing and hiring important officials.

The Calgary News-Telegram has figured out a little scheme for getting rid of the Dominion Government to each appoint a member of a commission to investigate the question. The only person to be deluded by this proposal is the man who made it. A commission so chosen would consist of two Liberals and two Conservatives, who, after considering the matter at great length, would advise the government that they could agree only to disagree. Meantime action would have been delayed for a season, and the Dominion Government, provided with an excuse for delaying it indefinitely. That, no doubt, is what the Ministers want, but that is precisely what they are least willing to get. The question of retaining or abolishing the tariff on wheat is one with which the Dominion Government and Parliament only have to do, and they must successfully assume the responsibility by any device of the sort. The Provincial Governments have some other business in life than helping try to pull Mr. Borden out of the hole.

RICHARDSON DENIES SEVERE WHIPPING

Editor Bulletin:

With reference to your editorial comment on the case of the little boy in McCleary and his mother, I have been severely punished. I wish to make the following statement:

I visited the woman this morning, interviewed the principal, the assistant teacher who administered the punishment, and the girl who was punished. I also had a telephone conversation with the head of the girl who was punished. The facts of the case in question were personally told to me for misquoting when the classes were assembled Tuesday morning.

On Tuesday afternoon when the classes were assembled, she and four other girls were reported for misconduct in line. These girls were taken to the teachers' room and were each of the five girls received four slaps. The girl whose case you particularize was the first to be punished. She was given a light touch on the shoulder with the strap as she was leaving the room, the teacher remarking that she hoped she wouldn't be so late again in such circumstances.

I think the chief in this school is an enthusiastic and conscientious teacher, and that each member in doing his best to assist in the best type of citizenship, this might be said indeed to the rank and file of Edmonton teachers.

I am sorry that your reporter committed the blunder of

Will Expectant Stockings Of Poor Children of City Be Filled This Christmas?

United Aids Appeals for Donations to Assist in Bringing Santa Claus to Less Fortunate Youngsters of City—"He That Giveth to the Poor Lendeth to the Lord."

(From Evening Edition).

With Christmas now less than a fortnight off the United Aids are hustling to make good their resolution of providing Christmas cheer to some hundred odd poor families in the city. This cannot be done without the help of Edmonton citizens. In the past the United Aids' Christmas appeal has always been responded to in this city with Western generosity. At present the workers have every reason to feel that they will be equally successful this year. "Pretty soon," however, is a very poor motto for those whose intention it is to help. Now is the time to play Santa Claus.

The Golden Present.

There is no time like the golden present, especially for those minded to give a Christmas present, which need not, however, be golden to be appreciated and very helpful.

"He That Giveth—"

"He that giveth to the poor lendeth to the Lord," it is well to remember, and whatever little sacrifice is made is bound to come back to the individual through the great law of compensation. "The coat of living is going up," you say. All the more reason why the poor need your help to fill the "expectant" stockings at their little ones.

Send money contributions to Mrs. A. M. Jeffers, 392 Second street.

A Jasper Avenue store will be opened in a day or two for the reception of other donations. The address will appear in the Bulletin as soon as premises are secured.

CALHOUN WINS CASE AGAINST WILLIAMS

Justice Walsh Renders Judgment for \$3,000 in Calhoun vs. Williams Action

(From Evening Edition).
In the Supreme Court yesterday morning, Mr. Justice Walsh found for the plaintiff in the action brought by John C. Calhoun against Henry L. Williams, for the recovery of a sum of \$2,000, with interest for the past six months. G. B. Heywood acted for the plaintiff and H. M. Higgs, K.C., for the defendant.

The plaintiff's case was that at the request of the defendant he agreed to accept two bills of exchange, one for \$1,000 and the other for \$2,000, payable to the order of the Merchants Bank. The defendant's case was that he had paid a deposit of the circumstances, that the request to accept the bills had never been made, and that he also stated that the security given by the defendant was an automobile, and Williams was required to relinquish that security.

Justice Walsh found for the plaintiff for \$2,000, with interest for six months at five per cent.

WILL REQUIRE VOTE OF RETURNING OFFICER

Unusual Situation Arises in Sullivan Lake Rural Municipality Election

(From Evening Edition).
Caster, Dec. 10.—Although the voting for new councillors in the Sullivan Lake rural municipality took place on Monday last, owing to the scattered nature of the polling booth, the result was not known in town until noon today. The election resulted as follows: H. Gower, 56; C. H. Mack, 51; E. Owens, 49; J. E. Roberts, 45; L. Heinrich, 25. Owing to a change in the municipal act six councillors are now required and to fill the new positions H. Gower, T. A. Kane and J. Scott have filed with 23 votes.

The former was a member of the old council and much interest is being manifested as to which of the three will be appointed by the casting vote of the returning officer, who will make the official declaration on Monday next.

If his decision is in favor of H. Gower it will mean the re-election of the old council of the present year with L. Heinrich as the new man. The defeated candidates in addition to the two who will be amongst the fallen after the returning officer's decision are: J. F. Preston, 25; A. Gray, 24; and H. E. Wickland. The new return will be appointed at the first meeting of the new council.

Turkish Grand Visitor Rejoins.

Constantinople, Dec. 11.—The grand visitor, Prince Said Halim, has returned. His action is in consequence of differences arising between him and his colleagues on the government's military policy. Prince Said Halim became grand visitor in June of the present year and retained the portfolio of minister of foreign affairs to which he had been appointed in January.

WORLD'S CHAMPION STEER, RAISED IN WESTERN CANADA, AND FED ONLY ON OATS, BARLEY AND NATIVE GRASS

Glenacree Victor II, champion steer at the International Live Stock Exposition, held at Chicago during the past ten days, is the second champion steer exhibited at this show by his owner, Mr. J. D. McGregor, of Brandon, Manitoba. Mr. McGregor having scored a similar triumph with Glenacree Victor I, at the same show last year.

It would be a surprise, indeed, if the great championship had been wrested from this marvellous animal. Though still in the yearling class, Glenacree Victor II, tips the scales at 1,560 pounds, a weight not usually found in three-year-olds. Contrary to the general belief, this steer is not the result of pure breeding, but belongs to the grade class, for though his sire, Golden Giant, is a magnificent

pure-bred Angus, his dam is only an ordinary grade animal, having been purchased by Mr. McGregor in a bunch of nondescript cattle.

In speaking of the feeding of his prize steers, Mr. McGregor said "Glenacree Victor II, has never tasted a kernel of corn. Barley and oats have composed his fare, with alfalfa to give him hardiness. He has been fed on the products of my farm, just like an ordinary steer. He has not been 'nourished tenderly,' but has been fed and cared for since his birth by a 17 year old boy. I believe that with this and other Canadian victors at the exposition we have proven that superior cattle can be produced at the lowest feeding cost without corn."

Mr. McGregor also carried off the ribbons for the best grade steer herd and the best three Angus steers.

Unlike his predecessor, Glenacree Victor II, will not be auctioned off to the highest bidder at the show. Through arrangements made by the Alberta minister of agriculture, Hon. Duncan Marshall, who is in attendance at the exposition, this wonderful animal will come to Alberta, where he will be used by the department on the demonstration farms and at the schools of agriculture for a period of nine weeks in an educational demonstration to students of agriculture and farmers.

At the end of this period it is the intention of the owner that the steer shall be the chief attraction of a big barbecue at his home town in the very near future, in honor of Brandon's second victory in the live stock competition of the world.

TEN MORE DAYS IN CONTEST FOR THE McLAUGHLIN-BUICK AUTO. TO BE GIVEN AWAY

Contestants do Not Seem to Realize How Short the Time is and Depend on the Effort They Put Forth in the Closing Days—Disappointment Awaits the Workers Who Now Rest on Their Ours.

WINNER OF BROWN'S ASSORTED CHOCOLATES

Mrs. D. Hodson, Edmonton

Had the Pullman automobile contest closed last Saturday night the McLaughlin-Buick automobile would have gone to a contestant who has little thought of winning the grand capital prize.

The most efficient player pianos would also have gone to contestants who probably do not realize how well they stood in the contest, and many of the other prizes would have gone to workers who feel because of their limited time that they have not earned a high standing.

In this contest many workers have been inclined to overestimate the efforts of rivals and since the closing of the last special prize offer there has been a falling off in the work prize list. All contestants which will make it especially easy for the more patient and energetic workers to land the leading prizes.

The contestants who turn in subscriptions every day, who keep consistently on the alert and who do not close their eyes to increase their vote, will gain their rivals who have stopped to rest.

Many Workers Tired

There probably never was another contest in which so many workers were almost tired in their records. Unless there is a decided change in the closing days of this competition there will be many contestants who will present conditions continue, a number of the most valuable prizes may be won by a difference of only \$1 or \$2.

Contestants do themselves a great injustice when they stop in their work at this time. They should not sacrifice their previous effort and run the risk of falling low in the count because of slackness at the close.

Many of the out-of-town contestants could probably add materially to their record for writing subscriptions to the Semi-Weekly Service. This prize is only \$1 a year and for every \$5 worth of Semi-Weekly subscriptions \$1 worth of books will be given in addition to vote in the contest.

One of the Montreal prizes also goes to the worker in the contest who writes the most subscriptions for the Semi-Weekly.

The canvass for subscriptions in Edmonton has not been at all thorough. Many of the workers have not been systematic in their efforts. A call upon half a dozen merchants on Jasper Avenue alone yesterday afternoon would have been sufficient to renew their subscriptions in the interest of any contestants. Conditions are much the same in the other municipalities, and the residence sections have been practically untouched.

This great city is a fine field for the workers and none of them should be discouraged while thousands of available subscribers are within their reach.

The big McLaughlin-Buick and the Bell Automobile and the Masters playing plans will be the rewards for the best workers who persevere and make a good record in the closing days of the competition.

Rogers Again In Macdonald

Is Taking Part in By-Election With Money and False Promises

Winnipeg, Man., Dec. 11.—Speaking last night at Carman in the interests of Alexander Morrison, Conservative candidate in the constituency of Macdonald, Hon. Robert Rogers, minister of public works, said the Liberals would the government to take the necessary steps to give Canadian wheat free entry into the United States.

The government would consider the offer of the United States authorities when they came to meet the cabinet at Ottawa, said, and if free wheat was proven to be in the interest of the people of Canada, free wheat it would be.

The government would only do what was in the best interests of Canada. Rogers is again introducing into the present campaign the same methods which made the last by-election a disgrace to Canada.

MEETING OF NATIONAL LEAGUE DIJOURS AFTER BRISK SESSION

PRESIDENT TENER IS GIVEN LARGER POWERS OF CONTROL

Meeting of National League Adjourns Without Dealing With the Demands of Players' Federation—New Drafting Rule is Adopted—Giants' Protes

NEW YORK, Dec. 11.—The National League brought its annual meeting to a close today. After adjournment the club owners were the guests of a private banquet by John R. Tener, governor of Penna., the newly-elected president of the senior baseball organization. During the day the league added three amendments to its constitution, favored a new method of holding the annual drafting of players, and fixed Tuesday, February 5, as the date for the annual scheduled meeting, which will be held in this city. President Tener is to announce later his appointment of constitution, arbitration, and rule committees. The league confirmed the ruling of the arbitration board, which failed to uphold the protest of the New York Club against surrendering a quarter share of its 1932 world series receipts to the other seven clubs. It was held today that the national commission rule requiring an appointment of the president and the 124,000 withheld from the New York Club was ordered divided. As a result to the Giants, it was decided that the local club should get

LESTER IN MONTREAL
MONTREAL, Dec. 11.—Jack Lester, former heavyweight champion of Australia, was today picked as the coming world's champion for a time, is in Montreal looking for matches in Canada. Lester was managed by Tommy Burns for a time, when he defeated Bill Lang, winning the Australian title. Then he met defeat at the hands of Sam McVey.

New Drafting Rule
The new drafting rule, which meets with the league's approval, was introduced by Chas. H. Bennett, president of the Brooklyn Club. It is designed to eliminate as much as possible the element of chance in the drafting, and to give two division clubs a free selection of players before first division clubs and in this manner strengthening the weaker clubs and the league in general. Concurrently with the American league, the National Commission and the Associated Minor Leagues is necessary before the rules become effective. One of the amendments passed was looked upon as an instance of how the league plans to tie its president to a broader scope of power than heretofore. Governor Tener will have authority to arbitrate a dispute between two clubs over the waiver price

AMENDMENTS TO CANADIAN RULES ARE EXPECTED

McGill Will Favor the Dropping of Two Men and Snapback

HAMILTON, Dec. 11.—Several amendments will find their way into the annual meetings of the Intercollegiate, Intercollegiate and Quebec Rugby Football union. The amendments to be discussed at each of the meetings have a bearing on practically the same playing rules. The McGill Rugby Club, champions of the Intercollegiate Union, will favour the amendment to reduce the number of players on a team from fourteen to twelve. The idea is to do away with the two outside scrummen and allow the new scrum men to snap the ball back, as under the old formation, which met with favor for several seasons. The only objection to the Harbourside rule was the fact that the quarter was not allowed to run with the ball or to kick the ball or to touch the ball, but to snap the ball back from the scrum. The amendment will permit the quarter to run with the ball and under the new rules, as well as to kick the ball, but to snap the ball back from the scrum. The amendment to make the game faster and encourage more kicking on the back field.

INDOOR ATHLETIC CHAMPIONSHIP TO BE HELD IN CITY

M. C. A. Athletes Are Considering Adviseability of Conducting a Meet in Arena in the Spring—Edmonton to Be Well Represented at Swimming Championship Meet

During the latter part of March or early in April the first real indoor championship athletic meet ever held in Alberta will, in all probability be staged at the arena at the Exhibition Grounds. The Y.M.C.A. Athletic Club, although they have done nothing definite as yet towards it, are considering the advisability of handling the meet. While athletic meets have been held in the Y.M.C.A. gymnasium, both in Edmonton and Calgary, they have never been of proportions to justify their being termed provincial championship meets. If the Y.M.C.A. goes ahead with the proposal, scores of persons of the A.A.A. for the meet, and makes the necessary arrangements for holding it at the Exhibition Ground arena. There is no doubt about the success of the meet. The floor of the building is large enough for the most elaborate contests, although there is no banked track, one good enough could be prepared. The ring will go about 12 or 14 feet to the mile. The usual events would comprise the list of competitions. The Alberta swimming championship is to be held in Calgary on July 27 and 28. Last year Edmonton swimmers captured a majority of the events, and this season the swimming Club is exerting every effort to repeat that performance. Elimination trials are being held in the Y.M.C.A. pool every Friday night, and some fast times are being made for the standard distances. The second annual swimming trials will be held every day of the "Y" natatorium, after which the team that will represent this city at Calgary will be finally selected.

The two athletic meetings to be held in Red Deer next week are of exceptionally great importance. The hockey meet will put the final touch to the hockey championship for the present, while the rugby meeting will consider some very important matters in connection with the same in Western Canada.

According to reports being received from across the river, the hockey meet to represent the Canadian Amateur Hockey Union. They have a number of the fastest aggregations in the local Senior League. They have a number of the fastest aggregations in the local Senior League. They have a number of the fastest aggregations in the local Senior League.

At its recent meeting in Toronto O.H.A. decided by unanimous vote to work towards the formation of a Canadian Amateur Hockey Union. This is a movement which has already been suggested by the Alberta Union, and which it is to be hoped will result in the formation of a body that will properly govern Canada's great winter game.

Time publishing then the public need not be deceived. At the last world's series McGraw appeared before the commission and stated he was opposed to the practice of using players' names connected with articles purporting to have been written by them, and that he would discontinue the use of his own name in that form. In observance of a verbal promise permitted the use of his name during the trip across the continent of the world's tourists, but that arrangement terminated at Vancouver, and McGraw wired the commission before sailing that that any further use of his name would be unwelcome.

In the face of that a New York syndicate has induced friends to attempt to influence members of the commission. President Lynch, of the National League, has given his consent, I understand, but that will not count. Mr. Lynch will be out of baseball after Dec. 15, and of course, will have no further interest in the sport. Mr. Johnson expects to leave for the east on Sunday, and said it was quite possible the deal would be consummated during the following week. The complicated case of outfielder Cavanah, who has obtained a release jointly to the White Sox, the Federal League and the Green Bay team of the Wisconsin-Illinois League, is likely to be settled by an order for McGraw to return to the Green Bay team next spring, prepared to fulfill the contract with that team.

Harry Pollock Asks Vancouver Promoters to Name Terms For This Contest

VANCOUVER, B.C., Dec. 11.—In a telegram received by Hugh Springer, the sender being Harry Pollock, the New York boxing impresario who handles a number of matches, according to the point of view, the destinies of Freddie Welsh, British lightweight champion, Pollock pretends to believe that the prospects for a match between Ritchie and Welsh are not at all remote if a California effort is made to secure the status of the champion to articles of agreement. Springer is urged by Pollock to journey to San Francisco and make the effort to sign the champion immediately. Pollock thinks Ritchie will be in a receptive frame of mind and believe, further, that the same terms proposed for the status of the champion to articles of agreement, which never materialized, will be found satisfactory to all parties.

A day boom up in the continent, however, in the province of Pollock that Jim Driffin must referee the bout. Ritchie is not devoid of common sense and there is just as much chance of Pollock being permitted to name his own referee as there is of Pollock conceding that same point to Ritchie. Pollock maintains his willingness to negotiate with the champion personally, but he will be represented by proxy or will communicate with Ritchie by telegraph in respect to a contest.

McDONALD'S BICYCLE LAW STUDENTS.

McDonalga, 20; Law Students, 12. This was the result of the Senior Hockey game played Wednesday night at the "Y" before a good sized crowd. The scores gave a very good comparison of the strength of the two teams, as the McDonalga boys had it all over the Law students at every stage of the game. This makes the third win for the McDonalga team, and the remaining two games look to be an easy, if not more so, than the others have been. The score at half-time was 13 to 10 for the winners, and in the last half McDonalga scored 17 points, while the Students 6. McKnight at forward, and "Doc" Carmichael at center, starred for the winners, while there were no star players among the law crowd. The only big game of the league will take place next Wednesday night, when the Old Timers and the McDonalga boys look up for the championship. Players from all other teams are cordially invited to be present and see basketball as they play.

National Commission Denies That Articles by Giant Manager Are Genuine

The National Commission has not abandoned its efforts to suppress the evil of publishing baseball articles alleged to have been written by ball players, according to President John McGraw of the American League, who recently branded as fake articles recently published purporting to have come from Manager McGraw, of the New York Giants, aboard the steamer on board which the world's tourists arrived for Japan last month. President John McGraw declared the commission had the signed statement of Manager McGraw that his connection with the articles was purely coincidental and that the articles were written and published by a syndicate, unauthorized. McGraw further stated that a New York syndicate had petitioned the National Commission to allow it to use McGraw's name in connection with articles concerning the world tour, but that McGraw had refused to assent to this deception of the public. "If the practice continues," said the American League executive, "we shall officially brand these articles as fakes. Then if the newspapers con-

byterian church brotherhood will
be held this evening at eight o'clock.
The subject to be discussed will be
"The Church and the Community."
The meeting will be held in the
church, and the discussion will be
conducted by Mr. Duggan. This is the
first of the fortnightly meetings
which will be held for literary, social
and political discussions. Ladies are
cordially invited to be present.

**Dr. R. A. King, of Robertson Col-
lege,** returned to the city last evening
from Carleton Place, where he delivered his
"Travel Talk on Kitchener" before the
combined Young People's clubs.
Dr. King, who is a member of the
University of Toronto, delivered a
lecture on Friday on "Words and
Their Ways." A. E. Ottewill will be
in charge of the discussion on
Kitchener on Dec. 17th, to lecture

an extended holiday in the States, Toronto,
Detroit and other Eastern cities.

Five Window Display.—Among the
most attractive window displays that
have been put up in the city is the
one of this city, one of the best yet
seen in the history of the city. The
display is a large glass case, each
pane containing water are placed a
number of small fish and other
aquarium life.

This window is attracting a great
deal of attention from the passerby. Ori-
ginality and ingenuity are conspicuous
in the various displays of this com-
pany. This company were the first to
display panoramic views of their property
as well as introducing the window
display to the buyers in this place. For
three years now they have constantly
improved their display, and are now
showing the public the best.
